1635**Master Bates****@ The Plough, Cheapside****25/08/2015**

Horsell Common, as you know is a site of special scientific interest with some Bronze Age barrows to be found, and much delightful wildlife too. We were given a personal tour by our Hare, Master Bates tonight, amazingly no one fell over the tree roots, which were everywhere. The sandpits were still there, film scene of the Martians coming in.... The War of The Worlds..movie. We did not see them tonight though, must be visiting Venus again. Our visitors tonight were Frank and his son Zachary, who have run with us a lot this Summer and very welcome, plus Popeye who it was good to see, he does the run, but not the pub after. Our dear friends Sodden Assets & Spanish Mistress, were back and beaming with happiness until poor Mark banged his head on a tree.....oouch ! Thankfully, only a graze. Once in the cosy pub, the lady behind the bar worked feverishly to serve us all, again and again. And lo and behold, chips did follow.....and the multitude were refuelled for the journey home. Our Grand Master Tosser, miraculously on the run, always appeared ahead of us, perhaps he has some magic Ray Gun, which changes time, 60 seconds ahead.....because he always was.....ahead !! Our young guns, Dan, Sophie and Thea keep on storming to the front, eager to beat each other. Poor Sophie, thankfully ok, nearly disappeared down into a drain hole beside the edge of the road, after she had crossed it. TORCHES are a must now, KEEP one in your car, it is pitch dark by 8.30pm*** Len made it to the pub, he loves his food. Have a great Bank Holiday Weekend! See you all next week, On On !

01/09/2015

This is now becoming a regular and popular venue, hugely down to our genial Hare Simon. Thinking our numbers would be down tonight, with the Malvern Weekend BBQ runners knackered, but they were having none of it, they were all here! Rupert's Ravers, obviously, were not malnourished at all, and raced off into the woods keen as mustard. The gossip tells us that Ruth was spectacular, at serving up fried breakfasts... mmmmmmm and also Stuart was a young Masterchef on the old Barbie, bangers and chicken galore ! Visitors tonight, were Christine from Shepperton, Speedhumper & Simple Simon plus Frank was back again, and Sophie & Katie are now almost weekly regulars, a very warm welcome to you all, as the nights are drawing in, KEEP those torches in your cars. Now, about the run, we took in most of Ottershaw Park, plus Ottershaw Copse and Homewood Park and lots of ducking

.....careful....under branches, and avoiding large tree roots jutting out. The only hoo haa, was our Grand Master Tosser, seemed to lose his sense of direction, and we went looking for him, as he had the keys to the Clubhouse ! Once inside, large crisps were the order for the night, and gorgeous chilled beers, specially prepared how kind, we lapped them up. Lazy Wasser, lorded it, ordering people to bring him drinks, cheeky bugger !

1639 **Kung Foo Panda** **@ The Queens Head, Byfleet** **08/09/2015**

Yet another auspicious run for all Weybridge Hashers and their friends. Tonight we ran from The Queen's Head, and tomorrow 9 September 2015 Queen Elizabeth the Second becomes our longest reigning Monarch of our entire History. !!!! Good Day to you Ma'am and hip hip hooray !!! 63 Years and 216 days.....not a day too long ! Well we got more of everything tonight, more run and more chips so here goes. Visitors tonight were Andy & his 10 year son Billy, out for his first Hash !! Well done Boy ! Marvellous, we think he has the genes of his Dad, who has run 6 Marathons back to back a few months ago, yes really. Great to see Tracy back with us, also our Hare's son Matt, 16 now, Hash name Eros and running like the wind. Louise, Rupert, Ruth & Kirk, all giving it their all. Professional , our man resting from his job in Madrid. Dan was back running with Sophie and all is well. Kung Foo Panda delivered a 6 and a half mile run everywhere, plus we must have done a mile of checking, so were starving in the pub, and chips did arriveth, and again and again. Grrreat ! No one pulled a muscle, and no one got lost, hurrah! See you all next week, and you Kerry ! Where are You ? Very busy I suspect.

1640 **Doner** **@ The Stepping Stones, West Humble** **15/09/2015**

This pretty little area, really just part of the Mole Gap Trail and also on the route of The North Downs Way is a magnet for ramblers. It is a hamlet, not even big enough to be called a village. The oldest part is West Humble Chapel, at the extreme west end of this hamlet dating back to the reign of King John...1199 -1216 AD. Only the west gable remains 20 feet high in hardy stone. Our runs are getting darker, but we had quite a crowd turn up tonight. Young 10 yr old Billy was back for more with his Dad Andy! It was great to see our Alexander Technique teacher, Fish and Chips aka.. Anna out with us again, bravo! Pig Pen and Tight Git would not miss such a good run. Speedhumper and Simple Simon were back, good to see you again! Kebab, he of the broken foot now healing, come out to walk the trail, well done! We ran up and down the hillsides, in and out of forest, and towards the end in pitch black, with unspottable flour in a giant field of long grass.....our kindly Hare Doner aka Ruth.....became The Pied Piper and lead us to safety, and the next blob of recognisable flour! We made it back to the pub. Hoorah! The Stepping Stones was a buzz of chatter, large groups in earnest banter all having fun, a bit like us and Wasser, Tosser & Len were there too, supping their well earned beer and eating chips too. Well, the general consensus was that.....Doner done good! A goodly shepherd she is. Tonight, was well worth a night out, almost to Dorking, just a mile away.

1641 **Andy** **@ The Golden Grove, Chertsey** **22/09/2015**

Well, this was a first on many levels, for Weybridge Hashers and their visitors tonight, in the dark, a round the backwoods of Chertsey. Our illustrious Hare (www.ultra-magazine.com), fresh from running a mere 73 miles up north at the weekend in a quite astonishing 21 hours!!!! How does he do it? What is he made of? Anyway, he somehow typically, carved out, created, cleared footpaths of nettles and just laid a quite, to us adventurous 6 mile trail, going towards Thorpe Park after lots of fabulous woodland and paths and even excited horses! Visitors tonight were Jo, she normally runs on the Yorkshire Moors, Christine brought her friend Esther, and Dan the Doctor from Holland, Rupert's friend, plus John was back saying he has not run a lot since his 100 mile run in August!! The nettles created merry hell on those in shorts, but no one complained, amazingly! I am feeling rather inadequate says Dingaling.....phew, hey ho, and Tracy was very happy indeed in red and black, and no shorts for her.....no sirree.....whoops I meant..... Somehow this trail, which could only even happen because Andy moved or cut down a lot that was in our path, was exhilarating, anything really is possible. Almost all in the pub were of this opinion, so a triumph on your very first test in setting a Hash trail..... Andy.....class is permanent, as you well know! 10 yr old son Billy also, superhumanly ran round the course, again we thinks. I need some Popeye spinach now. Can't

wait for the next in 3 months time. Don't miss it, even Dishy Dave was back with Sodden Assets & French Mistress ...oh la la! Our fitness secrets are out. On On... Remember....TORCHES are needed every week!
