MegaBit

@ The Castle, Ottershaw

29/08/2017

This is a lovely pub, hidden away in a residential street, and conveniently next to some very attractive shady woodland areas. Hashers tonight were full of the joys of their weekend retreat near Dorking, the local YHA putting them up, with delicious barbecues, and apple pies, and beers did follow. Sounds wonderful ! Tonight was an ideal wind down, through the trees on a somewhat humid, Sweaty Betty kinda night and all sorts were going on. Naked Chef and Top Man were on good form as always ! Hash Cash Sausage arrived tanned with son Chipolata, even more tanned, looks good, this baking hot Byfleet sun lark. Mother Brown, and Great Bear were here to explore, and The Pro aka Stuart brought his son Andy for a good night out. Agent Provocateur was in that pub quickly too. Kebab and Bare Bears were caught taking photos in the woods, of extendable things.....oh eerr ! Grand Mistress Ruth is to be commended for delicious cooking over the weekend, beyond the call of duty. Much delicious food has disappeared. Beer too, and a certain Jack proved a firm favourite ! Woof... Pussy Galore was dazzling in pink tonight, and Mrs Robinson made a welcome appearance to join us once again. Lord Tossler looking very happy, and Worzel with his new 'contact lenses' look, appeared as his younger brother ! No rude stuff tonight, no deers, cows, horses, or even a fox.....Spanish Mistress and Soddan Assets brightened up our hot night, once again. Once in the pub, the Landlord was amusing, delivering the lovely chips bought by our Hare Megabit and a great run was had by us All ! Pints of Timothy Taylor and Harvey's, the oldest independent brewery in Sussex, based in Lewes. See you next week, Boys and Girls.....another spectacular

Mother Brown

@ Hare and Hounds, Westend

05/09/2017

Different feel to our night tonight, dark now and a bit damp, but the chance of a Mother Brown run was too good to miss. We arrived, rain threatening but passed us by, as we set off into the woods. Brentmoor Heath was a treat, and Donkey Town too ! In 1815, the Onslow Family who owned West End Common, allowed poor locals to build on the land and it was affectionately called 'Donkey Town' and has been ever since. There are four Bronze Age round burial mounds (barrows) to be found on New England Hill on the heath. The Heath includes the MOD lands, Colony Bog, Pirbright and the Bisley Firing Range and we were running below the mature Scots pine trees, and through the scattered gorse which scratches you quite a bit. Visitors tonight were 'Lost in Space' a Brit now based in Sydney, who helped Mother Brown with tonight's run, a warm welcome to you ! Great Bear's clothing tonight, was not the usual stylish garb of recent months ! Colonel Knob Cheese was missed, out on Manoeuvres, after his Scotland trip.

Pig Pen Matt was on top form, so too Naked Chef and Top Man, Spanish Mistress & Sodden Assets are off on their Hols again ! Lord Tosser delivered a great line.....'There is Mother Theresa, and Mother Brown, and of course Tracy' ! I am not sure of the tenuous link here, I cannot see Tracy wearing a habit !! Apparently you can buy a 'Bad Habit Halloween Costume' ah that's what our Trevor means.....Enough. Back in the pub, lovely old pub, stylishly we all enjoyed the Badger's beers, and crisps too ! Another cracking night for all Weybridge Hashers, Bare Bears took a nice pic of you all, should be up soon eh ? See ya next week ! On On....

1742 Tosser @ King Williams IV, West Horsley 12/09/2017

Autumn has come with a bang, in this case, just heavy rain with blustery winds and we were up for it, at the start anyway. Off we scampered, Tight Git, Pig Pen, Worzel, Naked Chef much exploring was done, en route to find the trail. The Pro, aka Stuart got lost near the start and ended up in the pub ! His son Andy was worried, and Dingaling at the end, until they heard where he was, while they were drenched !! A certain Kebab told us there were soggy boobs about, well I can tell you, there were many other athletic body parts, given a right old soaking tonight ! Pussy Galore managed to give a chair a good soaking in the pub, generously donating all the liquid in her glass. Megabit took a picture ! Where is it ? Dogged persistence was our watchword throughout, and a little moan here and there, thoughts of the pub were plenty, as we slipped over countless stony pathways towards our goal. Excitable horses were seen galloping towards us, as we approached, spooked by our torches, and the noise we made, no doubt. The pub felt like we had earned it, and the pints were, 'Shere Drop' and all others disappeared quickly, with yummy chips. Agent Provocateur, appeared to be dressed in baseball cap, and looked as if in a Harry Enfield pose. Worzel, told us he is off to Albania, taming wild bears yet again, and the odd wild walk or two. Wazzer, was back, smiling as ever, so too, Colonel Knob Cheese, back with his favourite running Clan ! We had a night and a half, all we needed was a nice hot curry, or a burnt quarter pounder and salad in Dingaling's case. Great run, through Hatchlands Park, and great company all night, well done Trevor, Lord Tosser you are.....On On.

1743 Pussy Galore & Mrs Robinson @ The Crown & Anchor - The Mayford Arms, Woking 19/09/2017

Our run started from the ghost pub, The Crown and Anchor that was closed so, let's move on swiftly, flour flour everywhere, street and stile, and our hopes were high ! A fun run indeed, hidden paths, lots of woodland, including

Sutton Green, which is designated as a Conservation Area, with 9 Listed Buildings in the vicinity, including the Church of St. Edward the Confessor. So, do come forward with your sins, I am sure you will be most welcome. We met a few cows tonight, en route, but no badgers and bears were seen, on this clear starry night. Visitors tonight were Leg'over, and with so many stiles to mount, we certainly did ! Great to see ya Kerry ! More often please, you globetrotter.... Wasser, Lord Tossler, Top Man, Tight Git, and Pig Pen, so many arrived for this run. Great Bear and Kung Foo Panda, where are you ? Bare Bears and Colonel Knob Cheese, were having fun, we had a great trail to find, and we managed it, losing track of a few, but finding them later. The Pro returned, the other Stuart, good to see you again ! Our GM, Doner, aka Ruth, was in her Jessica Ennis Hill, Olympic gear, with all the stripes, very snazzy, as was Megabit, in his all grey outfit, which prison was it Simon ? Tee hee.. On afterwards, to a real pub, that opens in the evening....The Mayford Arms to our rescue, who were most welcoming, even providing chips...hurrah ! Wasser managing to grab the 2 platefuls, and keep them. We had fun, Kebab recovering from his Great North Run heroics, completing the tough course in 2hrs 20 mins....well done ! Mrs Robinson & Pussy Galore, gave us a good run, on some enjoyable terrain, many thanks. On On....see you next Tuesday !

Doner

@ The Half Moon, Windlesham

26/09/2017

Picture the scene, mist rolling over the dark Windelsham hills and then a pub appears situated in the middle of nowhere in particular. Expecting it to be a chilly night, 20 or so hashers were wrapped up in arctic survival gear and congregated in the half moon pub carpark like some lost souls from outer space. Entertainment was had from the off watching 5 cars all trying to get into the same parking space. Some hashers were early, some were late and some were even later still having to abandon their cars in some far flung hedgerow on-route. There were some notable absentees at the start but without mentioning anyone in particular, Dingaling and Brian you were missed! Brian afterwards in the pub, rolled out his big toe excuse again but not a ding from Nigel. Did you know that there was only one baby in the UK that was named Nigel this year? They are a dying breed for sure.

Maisie, the experienced hash hound, turned up for the first time at a Weybridge hash with her owner, tonsillitis Bear bares and pulled from the off or is it the on?

In 1911, Windelsham village was described as almost entirely modern and the landscape was tamed approximately at the turn of the 20th century, being naturally heather, gorse and fern and ideal for grass and laid out evergreen trees. In April 2017 it was awarded as a hedgehog friendly village, reported to be one of a handful of such villages in the United Kingdom.

Windlesham also has a thriving running club, Windle Valley Runners, suitable for all standards of runner. The club meets every Tuesday, Thursday and Sunday for group training sessions and group runs, which take place in the surrounding areas. Windle Valley Runners also organise a monthly 10K race for members. We didn't see any evidence of running going on in the hash group tonight nor sight of any 'real' runners. Windelsham is also the home to Dr Brian May, composer, guitarist and astrophysicist, key to the rock band Queen and Brian Blessed, actor, adventurer and broadcaster and a very loud person. It was a dark night, as happens at this time of the year, but a Chinook flying overhead, criss-crossing the M3 and a busy dual carriageway kept us awake. A fleeting glance into Windelsham Arboretum was a treat for Mrs Robinson. Maisie managed to pick up a twig stuck to her posterior and avoided the advances of Jack, the old hash hound, all evening. Spanish Mistress & Sodden assets were back from France refreshed and Leg'over is getting fitter every week but still in need of a fireman's carry once in a while.

Plates of chips and large onion rings were served way before Wasser got back and plates were clean before big toe Brian made it. We also learned that Pig pen uses self-lubricating tubes. Too much information! Thanks to Doner and Colonel Knob Cheese for setting the run and making sure no one got lost
